

## 2011 Transit Valley Junior Golf Program (Children and Grandchildren are eligible to Participate)

Welcome to the 2011 Transit Valley Junior Golf Program. This outstanding program returns with a few improvements to make the Junior Golf experience better for all. The focus of the program will be based on five core elements of development.

1. Golf skills - Include the fundamentals of playing the game, from equipment, grip, posture, alignment, balance and tempo to chipping and putting, all presented in a fun and engaging format.
2. Sportsmanship – Curriculum includes the origin of the game, terminology, rules and scoring, safety, etiquette and pace of play.
3. Assessments – Provides pre and post golf physical and skill assessments for each participant. The assessments provide the junior, and the Golf Professionals, a measurement that both can use to track the progress of the golfer. The assessments are designed to motivate and encourage each junior to practice and set goals to achieve their maximum potential based on their age and ability.
4. Fitness and Nutrition – Focuses on developing the coordination, movement, motor skills and a nutritional plan to build a solid foundation for juniors to develop their golf game and take the habits into everyday life.
5. Golf and “Near Golf” Experiences. – Games and challenges that incorporate skills similar to the golf swing. Designed to keep juniors playing and interested in golf. Each experience on the golf course should be positive and fun, so that juniors are anxious to get back to the golf course and have fun playing again.

The Golf staff is committed to providing the proper level of instruction based on the ability, motivation and skill of each Junior. Our professional staff has over 70 combined years of teaching the game to juniors

Tim Fries - PGA Head Golf Professional and Golf Shop Junior Golf Chair  
Rod Blair – PGA Assistant Golf Professional  
Jeff Mietus – PGA Assistant Golf Professional
